

Parking

- A 450-space garage is adjacent to the Hyatt Regency and offers an elevator with direct access to the hotel.
- An alternate parking deck is located two blocks away on Nielson Street south of the hotel called the Wolfson Parking Deck.
 - See figure 3 below

How to get a \$5 Parking Ticket (and avoid paying the all-day rate):

- Take the ticket from the machine when you drive into the garage. Keep that ticket with you.
- When you sign in for the Rally, you will be given a validation ticket that looks like a parking ticket.
- When you are ready to leave the Rally, insert your original parking ticket into a pay station. When requested to pay, insert the validation ticket you received at registration.
- The amount owed should change to \$5.00. After you pay, the machine will issue a ticket that you will use to exit the garage.
- The validation ticket is only valid at the Hyatt Hotel's garage. If you park in another garage, you will have to pay that garage's rate.
